

*A word from Justin Hines...*

"I've come to realize that true fulfillment begins with believing that each one of our lives can serve a purpose for the greater good. At this point in my journey, I feel honoured to be in a position where I can combine my passion for music with my desire to spread a message of love on a large scale. I feel it is my duty as a human being to at least attempt giving back as much as I have taken from this Earth. This is a lofty goal but I've witnessed firsthand the power of unselfishly assisting those who desire and deserve help. I, like many others, simply want to help."
